

Our Most Powerful Cordless Tools yet ***18 Volt Lithium-ion Technology Means Faster Dispensing, Rod disengages instantly when trigger is released Greater Power, Reliability, & Tool Life***

Gun Features: 50% lighter than a 14.4v NiCad battery. The extraordinary performance of the Lithium-ion battery, combined with the improved heavy duty drive system means a huge leap in dispensing technology. Powered by Milwaukee® RED LITHIUM® Battery Technology. 40% longer run time with no fade means increased performance. Wider operating temperature ran down to 0°F. Temperature Management System keeps battery in ideal temperature range providing maximum life. 50% faster recharge (30 minutes). 50% more recharges means fewer battery purchases. Battery fuel gauge displays remaining run-time. Rugged case and internals to prevent shock damage. Kit includes dispensing gun, 18v battery and charger.

- **Powerful: 950 lb with no oscillation under load**
- **Advanced Battery: 18V Lithium-Ion for fade-free power**
- **Fast, 30-minute recharge**
- **Total Control: Variable speed trigger**
- **Speed limiting dial**
- **Dosage control via indexed rod**
- **No Drip - Gears disengage instantly when trigger is released**
- **High power 18 Volt for dispensing 2 part materials from 22 ounce (600ml) side by side cartridges.**

ship box dimensions: 20" X 12" X 6" (ship weight : 12 lb.)

UPC: 054983996003

Additional Batteries and Chargers available and sold seperately.
